PASSAVANT  
HOSPITAL NOTES

Passavant hospital was the recipient of a great many beautiful flowers Sunday donated by the Central Christian church at the close of their home coming services.

The hospital also received a very much appreciated gift of salads and meats from the Salem Lutheran church who had prepared more of these articles for the dedication services than were used during the Sunday dinner, and the surplus was donated to the hospital, for which the management is very thankful.

Eugene Elaw, a resident of Beardstown was brought to Passavant hospital Saturday night suffering from a fractured rib on the right side and also a fractured right leg sustained in a motorcycle accident at Beardstown Saturday evening. In attempting to pass an automobile while riding his motorcycle he collided with a wagon, throwing him on his right side causing the injuries.

Mrs. Albert Smith left Passavant hospital for her home in Alexander Sunday.

## COMMUNICATIONS

Jacksonville, Ill.,  
October 1, 1923.

Editor Journal,

Dear Sir,  
Your Sunday morning issue carries a communication in regard to the carnival held last week on the public square in this city, and as a citizen of and residing in Jacksonville for the last 25 years, as a voter, as a property owner as well as a member of the American Legion, I wish to state my opinion of that writer's views on that subject. In the first place, he insinuates that the whole thing, apparently is "an aggregation of junk." May I enquire, does this also include the automobile exhibit held in connection with the rest of the attractions at that time and place? Does it include the window exhibits around the square of which our merchants may feel justly proud?

As to "a jargon of confused noises" had the gentleman been with some of us in '17 and '18 he would know a lot more about "confusion of noises." Furthermore, I was up town several times during last week and that carnival or "junk" never followed me home a single time during the whole week, no, not once.

If our business men like it and it has made them money, that is sufficient reason for their co-operation.

If the American Legion like it and have profited thereby, who is more entitled to the little profit and enjoyment derived thereby than the men who have lived or so ago went thru Hell itself that you with others might continue to live and enjoy the privileges of "this educational and religious center?"

"Yeh, the war is over."

As to the "tourists," they are likely seeking for something more entertaining and exciting than an old maid's sewing circle or a Wednesday night testimonial meeting, or they would stay at home to enjoy them instead of burning gasoline to come to Jacksonville or some place else. Since the Jacksonville public demands entertainment and go else where to get it, since we have carnivals and probably will, I say the public square is the place for them, backed and under the direct supervision of the Chamber of Commerce, the American Legion or any other responsible organization, and under the watchful eye of our city police department, rather than on some dirty, dingy, muddy "barbarian lot" where anything might happen and some things occasionally do.

What Jacksonville needs is more co-operation and fewer grouches. If it is impossible to be a booster, don't for the love of Pete be a knocker, they are detrimental to the welfare of the community.

Final Rush to Get Names on Coupons Brings Big Increase in Participants—Auto Bids Let Today

One hundred and eighty-one names of firms and business men of Jacksonville will appear on the coupons in the Big Profit Sharing campaign when they are issued to customers, beginning Oct. 10. Only 107 firms were members of the big gift campaign last year and the decided increase in the list is an indication of the popularity of the movement. Two meetings of the committee in charge of opening the bids on the four autos for the campaign gifts were held yesterday, and the final decision will be rendered today. The committee faces a difficult task in letting the bids, as many dealers submitted prices on several machines, and some having two and three machines in a class. The purchasing committee will begin selecting gifts for the campaign today, under the direction of J. C. Lukeman as chairman.

Carpenters are already at work on the display room, removing partitions and arranging for as much space as possible. Painters will begin their work on the room Wednesday morning. Following is an additional list of those who have signed up to participate in the Profit Sharing campaign:

HELD SATISFACTORY  
CONFERENCE MONDAY

An informal conference was held last night at the chamber of commerce rooms with reference to petition filed with the city council by a number of people resident in territory adjacent to the corner of East State street and Johnson street. The petition alleged that offensive odors come from the plant of the Jacksonville Reduction Co. and from the packing company plant, and that property damage results. Mayor Crabtree, City Health Officer Dr. R. V. Brokaw, members of the city council, health committee and of the citizens committee named to represent the petitioners met with representatives of the Jacksonville Reduction Co. and the packing company. It was an entirely harmonious conference. Mr. Cohen of the Reduction Co. stated that the difficulty can be remedied by the installation of certain equipment and that he was very willing to take the necessary steps if allowed 60 or 90 days to complete his plan. He was willing to guarantee that the results would be entirely satisfactory.

If any equipment changes are advisable at the packing plant the management is willing to make them, altho all government regulations relating to packing plants are already being strictly adhered to.

## FACTS

According to records in the Secretary of State's office, Studebaker outsold all other makes of cars in the first six months of 1923 in Wayne County, Michigan (of which Detroit is the county seat) with the exception of Ford and Chevrolet.

Detroit knows motor cars and motor car values because the majority of the population is engaged directly or indirectly in some phase of the motor car industry.

Detroit knows Studebaker because of the large production of Studebaker cars in that city, and Detroit is partial to Studebaker cars for just one reason—the merit of the product.

### CHURCH DEDICATION PROGRAM SUCCESSFUL

Salem Lutheran Congregation  
Dedicate New Building Sunday  
—Speakers Delivered Splendid Sermons

The elaborate dedication ceremonies for the new Salem Lutheran church were attended Sunday by more than 600 persons.

The rain and bad roads prevented many from surrounding towns from being present but in spite of this drawback, 600 to 700 persons ate dinner and supper, which was served by the ladies of the church.

The program was carried out according to schedule, and the sermons delivered were full of truth and declarations of the faith supported by the church.

The first sermon was by Rev. Louis Wessel of Springfield, who spoke on "The Glories of the Lutheran," taking his text from Rev. 3:7-8, "Thou hast kept my word and has not denied my name." This, he said, is exactly the attitude of the Lutheran church, which stands for the Bible as the word of God, with a verbal plenary inspiration. In days when so many are preaching liberalism, the Lutheran stands for fundamentals. Rev. Wessel praised the beauties of the church and complimented membership on their success in bringing it to completion.

Rev. H. Hallberg of Panama was the second speaker. He emphasized the blessedness of those who behold the beauty of the Lord in the preaching of the

gospel of his love. The sermon of the afternoon was delivered by Prof. Louis J. Sieck of St. Louis, who used as his theme, "The House of the Lord." He said that the things of God are the things of beauty. The church does not rest its faith on Luther, but upon God. It stands for an unchained Bible, faith in Jesus Christ and salvation through Him. All these things Luther stood for, and the church honors him as a leader in helping to establish these things in the world.

The services for the dedication week include: An address this evening by Rev. J. A. Frey of Havana, which will be devoted to the interests of the children of the church and Sunday school. On Wednesday evening the Ladies Aid and Guild societies will be honored and the speaker will be Rev. C. E. Gailman of Beards-town.

The meeting for the young people, which was to have been held Thursday evening, must be postponed as the speaker, Prof. Walter A. Meier, of St. Louis cannot be present at that time. The collection Sunday for the new church was about \$1,300, and during Monday \$450 more came into the hands of the treasurer for this purpose. On Friday evening will be held the special reception for the building committee, contractors and others who were instrumental in the erection of the new building. The following description of the new church should be read with interest:

The building is forty-five feet square, with the principal tower on the southeast corner and a secondary tower on the northeast. It is a faced brick structure, and the walls and steps are of reinforced concrete. The plumbing includes every convenience, toilets for men and women, a bubbling fountain in the basin and water at the proper places throughout the building. There is a mothers' rest room equipped with a basin and other conveniences.

The basement contains serving rooms, kitchen and dining room. The new pipe organ is said to be the finest of its kind on the market. There are 471 pipes, which are decorated in gilt. It makes a striking appearance. The pulpit and lectern are finished in light oak to match the pews and other furniture. There are many memorial windows, each portraying beautifully a sacred subject. They are of elaborate design and are the gifts of a large number of devoted members of the church. Each window is of a memorial character and bears the name of someone whom relatives wish to keep in loving memory.

### DOKAYS PLAN PARADE AND BIG CEREMONIAL

Enthusiastic Meeting Held Last Night and Date Set for Dec. 3—Dances to Start Soon

The regular meeting of Ildem Temple, D. O. K. K., was held last evening at Castle Hall. It was decided to hold a fall and winter ceremonial on the evening of December 3, at which time a big class of candidates will take the desert trail. Committees for the affair will be appointed at the next meeting.

A parade of members, drill team and candidates will be staged in the early evening preceding the ceremony. It is planned to have plenty of music and red fire in the line of march.

Members of the Dokay basketball team were present at the meeting. It appears that the headquarters of the independent teams at Indianapolis is endeavoring to promote sectional tournaments, the member teams to pay the expenses of the winning team to the more extensive tournaments. The Dokays held up the matter until they could make further investigation.

The matter of resuming the Dokay dances were discussed and a committee appointed to see to starting the dances soon. They will probably begin as soon as the hall floor is in shape. At present it is being sanded and rewarmed, so that it will be in excellent shape for the season.

INITIATE FOUR

The regular meeting of the 40-8 society was held in the American Legion hall Monday night with a good attendance. A part of the evening was taken up listening to the report of Clarence Walsh who was a delegate at the state convention of the order recently held in Danville in conjunction with the convention of the American Legion.

During the evening four new candidates were voted upon. Warren Wright of Murrayville, and William Meyers, Howard Woodman, and L. W. Fernandes, all of Jacksonville. On next Monday night these candidates and possibly several others will be initiated in connection with the Grand Promenade which will be held at that time. # SITUATION IN OKLAHOMA UNPRECEDENTED

(Continued from Page One)  
Governor J. C. Walton tonight issued a call for a special election on December 6 next on the initiative proposal which would empower the state legislature to convene itself to consider impeachment charges against the executive.

In his proclamation tonight, Governor Walton declared the supreme issue in Oklahoma is whether the "invisible empire," commonly known as the Ku Klux Klan or the sovereign power of the state of Oklahoma shall survive.

At a late hour tonight, the proclamation had not been filed with the secretary of state. Copies which the executive gave to the press were not signed.

McBee's Statement  
The following statement, signed by W. D. McBee and other

members of the house of representatives who have opposed the executive was issued following the announcement of the call for the December six election.

"The governor is mistaken about whose election this is. He called it on August 13th, and after the call the election belongs to the people. The people will speak tomorrow and the bombastic threats of Walton will avail him nothing. The election on all six questions will go forward and the votes will be counted. 'Don't be misled by the threats or eleventh hour propaganda. Vote and ask all voters to do likewise.'

"Why put the state to the expense of another election?"

For the first time in more than two weeks, residents of Oklahoma City tonight did not need a military pass to be on the street after midnight. Governor Walton explained that the rule would be enforced again after the election.

## WHITE HALL VETERAN REMOVED BY DEATH

A. B. Collister Answered Final Summons—Funeral Held at Patterson, Ill.

White Hall, Oct. 1.—The death of Alfred B. Collister removes another veteran of the Civil War, the last in the village of Patterson, and John Raines at Drake and Jefferson. Lawson at Hillview are the only known survivors in the entire township of Patterson. Comrade Collister served with Company H 28th Illinois Infantry from Nov. 1, 1861, until Sept. 5, 1862, and then re-enlisted in Company F, 117th Indiana Infantry, subsequently serving six months with Company D, 73rd Indiana Infantry. The 28th Illinois was organized at Camp Butler, Springfield, and went to St. Louis, being sent to Thebes, Ill., where they accompanied General U. S. Grant from where they boarded steamer for one of the most hazardous journeys and most trying experience of any regiment of that war. Mr. Collister left the regiment at Memphis, Tenn., after most bloody experiences, and went to Indiana and re-enlisted. He was at Corinth, Shiloh and Andersonville.

Mr. Collister was a native of White Hall township, born August 14, 1840, on Apple Creek Prairie, at what is known as the crossroads of the Apple Creek settlement. He was married while in Indiana, March 13, 1864, and his wife survives at the age of 79 years, being in excellent health for one of her years. The two children survive, they being Mrs. Oscar Taylor of Patterson and Capt. Harold C. Collister, now a government revenue officer, residing at Green Valley and working out of Peoria.

The deceased was widely known over the northern section of Illinois and was always respected as a soldier and general public affairs. His prized war relic was a drawing of the American flag, the emblem of the one in the State Museum in Chicago, and under the west window he kept a copy of White Hall to be placed in the new library, and it has since been cared for in C. F. Wenken's office.

Funeral services were conducted by Rev. Ernest Dawdy in the Baptist church at Patterson at 4 o'clock Sunday, and the burial was in the Patterson cemetery. The deceased had been in failing health for the past few years and for almost a year his death at times was momentarily expected, the end coming at 2:45 a. m., Saturday.

An impressive feature of the funeral services was the presence of the World War Veterans as pall bearers and as the firing squad. The former consisted of Lewis Johnson, Harry Owdom, Mayfield Coker, Harold Wilkinson, Oscar Wahls and Guy Wilkinson all of Patterson. The firing squad was from the White Hall American Legion post, and consisted of C. A. Whiteside, Russell Ash, R. O. McFarland, Lynn Smith, Gilbert Depositer, Ernest Neece, A. E. Barrow and Leroy Richert.

## IMMODEST DRESS DRAWS AN EDICT

Rome, (AP)—As a result of the recent sensational incident when 150 women, forming a part of a deputation to the Pope, were turned back from the Vatican because their dresses were low cut at the neck and had short sleeves, the Papal Major-domo has issued a new set of regulations for dress when being received by the Pope.

Women must wear dresses covering the arms to the wrist and the neck to the chin, says the regulations. The dresses must be made of thick material and not transparent and be long enough to reach down to the ankles of the wearer. Dresses giving undue prominence to the figure are discouraged.

Gloves must not be worn and only wedding or engagement rings may adorn the fingers of intending visitors to the Vatican, who are now submitted to three examinations, viz., first at the door, second at St. Damaso Courtyard, and if they pass these posts their invitation card is crossed with a blue mark. The third examination is made in the Papal antichamber, where successful candidates receive a red cross on their cards.

Make-up of any description is strictly forbidden. Hair dye is tolerated provided it is not of the conspicuous peroxide tint.

"For those who wish to lead the hygienic life, coffee and tea are not recommended, except for purely medicinal purposes. . . The only hygienic excuse for such drugs is in emergencies when work must be done and natural aids cannot for some reason be employed, but always the cost must be counted and the danger considered of forming a habit of denying the brain, nervous system or muscles the rest which is their due."  
—From a "Keep Well" Leaflet on "Over-stimulation," Issued by the Life Extension Institute.

## Why not avoid "counting the cost?"

**REST** is better than a whipping, for tired nerves and muscles—better for today and infinitely better for tomorrow when the penalties of over-driving are likely to come due in headaches, nervousness, and increased difficulty of resting.

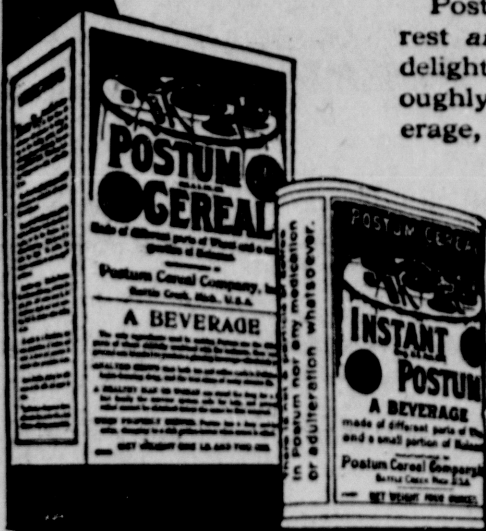

Postum is a good friend of rest and health. Postum is a delightful, comforting and thoroughly satisfying mealtime beverage, splendid in flavor and

aroma—but containing no drug which can excite nerves or disturb digestion.

If you are whipping up nerves with coffee or tea, try a change to Postum. It will supply all the comfort and pleasure of a hot mealtime drink, and it will let you get the natural sleep and rest that puts strength and zest into tired mind, nerves and muscles. You'll be counting profits instead of costs.

Your grocer sells Postum in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages) for those who prefer the flavor brought out by boiling fully 20 minutes. The cost of either form is about one-half cent a cup.

The junior graduates were put thru a rigid examination in Bible information and the doctrines of the church. This is a new departure in the exercises of promotion day and proved interesting to all present.

The pastor, Rev. A. P. Howells, delivered a sermon to the children on the "Salvation Treasure Chest." He made use of objects to illustrate his talk, and many valuable lessons came from the treasure chest, to the benefit of all who heard the sermon.

## HEAVY HAIL STORM VISITS LITERBERRY

A heavy hail and wind storm visited the Literberry neighborhood late Saturday evening, causing considerable damage to corn and telephone lines. Three quarters of a mile of poles were blown down east of the cross roads. In a field near the Robert Bateman farm west of Literberry, the hail literally lustered the corn, leaving the yellow ears exposed in many places in the field. It is feared that the corn will rot more easily and may be damaged before it can be cared for.

Residents of the community report that the hail stones reached half the size of hen eggs. At Murrayville, hail also fell in considerable quantities. In the north part of the village several windows were broken, 11 in one residence being shattered.

## Vigorous Old Age

WHY separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholeness.

Vigorous old age is within the grasp of all. S. S. S. brings that hale and hearty feeling back with a rush. Rich red blood is the greatest enemy of weakening, health-undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony becomes a vigorous, enjoyable, care-free time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well being—of a vigorous, clear thinking, red-blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. A leading drug store carries it. The large size is the most economical.

SOCIAL SERVICE LEAGUE CAMPAIGN HAS BEGUN

Solicitors Met Yesterday For Conference—Will Raise \$3,000 by Private Subscriptions.

The finance committee of the Social Service League gave a luncheon at Grace church yesterday for all the solicitors who are to serve in the coming campaign. After the luncheon Rev. George E. Stickney, president of the board, introduced Dr. Grace Dewey, who is chairman of the finance committee. Dr. Dewey gave the solicitors subscription cards and a list of the homes where they are to call.

The total budget for Social Service work is \$5,500, of which only \$3,000 must be obtained by public subscription. Because of the increased interest in Social Service work it is thought that it will not prove difficult to raise this amount in a reasonably short time; nevertheless, to do this every person called upon must feel a personal responsibility in the affair and give to the limit of his ability.

The campaign night will end the campaign. Campaign headquarters are at the Chamber of Commerce where Dr. Dewey and Mrs. M. H. Havenhill will be present each day from 10 to 12 a. m. and from 3 to 6 p. m., to receive reports from solicitors and to take care of any other business necessary.

The members of the finance committee in charge of the campaign are Dr. Grace Dewey, A. T. Capps, M. C. Hook, J. H. Dial, A. C. Rice, B. F. Shafer and Miss Margaret K. Moore.

The solicitors are: A. C. Rice, Miss Jessie Holmes, Mrs. W. T. Clarkson, Mrs. C. E. Cole, A. T. Capps, Mrs. F. E. Farrell, Miss Mary Wadsworth, Mrs. Garm Norbury, William Berryman, Mrs. M. H. Havenhill, Miss Margaret K. Moore, B. F. Shafer, Miss Edna Stout, Dr. Grace Dewey, Mrs. C. R. Short, Mrs. Charles Fawcett, Miss Winifred Wackerle, J. H. Dial, Miss Mabel Ruyle, Mrs. John Clary, Mrs. Clarence Reid, Miss Gladys Cochran, Mrs. Ernest Stout, Mrs. Clarence Rataichak, Mrs. Franklin Scott, L. O. Vaughn, J. E. Osborne, Rev. George Stickney, Judge Samuel, Miss Ruth Bailey, Miss Florence Loar, Rev. W. E. Spoonis, Mrs. L. S. Doane, Miss Mary Janet Capps, Miss Mabel Rogers, R. Y. Rowe, and Mrs. E. L. Hill.

WILL HOLD POULTRY SHOW IN DECEMBER

December 18 to 23 Set as Dates for Annual Exhibition Under Auspices of Local Body—Silver Cups to be Given.

Dates for the annual show of the Morgan County Poultry Association were set last evening at a meeting of the directors held at the home of J. C. Weber, 320 West Court street. The show will be held December 18 to 23, inclusive. It will be a silver cup comparison show. It is planned to give away about twenty-five silver cups to the winners.

The place for holding the show has not yet been selected. It is thought that the Auto Inn will probably be the place chosen, if it can be secured. The association is in excellent condition and plans are under way for a show that will command the attention of poultry fanciers within a wide radius.

LIST OF GIFTS IN CAMPAIGN STARTED

Several gifts for the big profit sharing campaign have already been donated without solicitation. The work of decorating the display room in the Scott block will start tomorrow. The temporary partitions now in the room are to be removed and the entire interior will be redecorated and attractively arranged. Booths containing complete outfits of gifts, so arranged for the better advantage in display, are to be the main features of the exhibit. The four autos to be used as gifts will be placed inside the display room. Ferns and other plants will be attractive features of the decorations.

The Illinois Power & Light Co. has donated as a gift an automatic electric washer, with copper tub, which retails for \$110.

The J. W. Baptist Co. has donated one ton of coal.

Otto Spieth will give away one-half dozen large photographs.

A. R. Taylor gives six five-pound cans of Chase & Sanborn's coffee.

CHAUNCEY OLCOTT COMING THURSDAY

Chauncey Olcott to their galaxy of famous stars and will inaugurate their regime with a tour of the popular star in his best play, "The Heart of Paddy Whack," at the Grand Thursday night only, Oct. 4.

When Rachel Crothers fashioned this vehicle for Mr. Olcott she fitted him like a glove and added no little to her fame as a playwright. Since this achievement this brilliant lady has gained enviable Broadway eminence as an architect of clean-cut comedy in "The Three of Us," and "Mary the Third," "Paddy Whack" possesses other features of especial interest to theatergoers, notably the surprising stage direction of Henry Miller, and the outlet for Mr. Olcott's most popular of his long list of song triumphs. These familiar ballads are "Irish Eyes of Love," "A Broth of a Boy," "Laddie Buck O' Mine," and "Who Knows."

The original cast has been secured for the current tour and includes Willa Frederick, Kalman Matus, Charles E. Verner, Richard Quilter, Helen Gurney, Blanche Seymour, Nine Saville, Ella Rock, James Marr and Francis Connors.

VISUAL EDUCATION FINANCED BY SHOWS

First Picture of Season to be Shown at High School Tonight—Much Equipment for Classes Purchased Thru Movies.

The first motion picture show of the season of the local high school will be held this evening at 7:30 o'clock tonight. The title of the picture is the "Midnight Bell," featuring Charles Ray.

The money derived from these weekly shows at the high school is used to advance the cause of visual education for the students. Already the schools has purchased two motion picture machines costing \$250 each. They are used alternately during the exhibition, thus eliminating waits between reels.

Last year the school purchased \$100 worth of slides for use in the botany, zoology and physical classes of the school. It is expected to purchase additional slides this year, as a large number is still needed for effective work. The school owns a projector for throwing these pictures on the screen.

Much of the money obtained from shows last year was used to pay the freight on free industrial and scientific films, which were used in the various industrial and science classes of the high school. Many of these films were obtained from the General Electric Co. free of charge, except for the freight. These pictures proved helpful to the students in showing industrial processes, the operations of complicated machinery, the manufacture of certain articles, etc. It is felt by school authorities everywhere that visual education is the coming method in the future schools, and it is being put to more varied and more numerous uses each year.

Miller also spoke of Mr. Powell's satisfactory services in the community. After the services the congregation gathered in the basement of the church where a basket dinner was served, the front end of the room being entirely banked with flowers and vegetables and other things in keeping with the Harvest Home spirit.

About 100 people were present at the dinner at which Professor J. C. Colton acted as toastmaster. Responses were made by C. D. ## Japan As A Traveler Sees It

By S. W. Nichols.

I can't help a feeling of regret when I reflect that Japan will arise from its great disaster more modern in every way. Many times I used to say it was entertainment enough to walk up and down the streets of the various cities we visited and note the peculiar architecture of the various buildings, their wares and

the general appearance of everything.

Almost twenty years ago the great Wm. E. Curtis, world wide traveler and christian scholar, said he wished Palestine could be left just as it was then as a world museum dedicated to the memory of Him who trod its surface and "spoke as never man

spoke." A garage in Nazareth, a filling station in Shechem or Nablous, an auto repair shop in Jerusalem are the results of the irresistible march of progress but they send a pang of regret through the heart of the enthusiastic traveler who has seen these places in their more primitive condition.

It is said that the modern business structures withstood the fearful catastrophe in Japan as a gratifying extent and so durable that they will be more and more in evidence in the reconstruction of the cities and the wonderful time architecture so fascinating to the visitor will be seen as because effective and content.

The Japanese believe in recreation far more than do any of the oriental nations. As I have before remarked; in none of the various far eastern lands I have visited have I seen children play as in Japan while the elders also believe that—

"All work and no play makes Jack a dull boy" makes various buildings in spots which are much used again many well-to-do residents have in their homes miniature imitation parks, which are simply wonderful. They will take place even ten feet square, which much larger is better, and there on construct all the features of a fine park. A miniature stream bed with gravelly banks, bridges and dwarf trees, a fountain, baby pagoda, toy houses and many other features are most artistically prepared while the wealthier class have quite elaborate affairs on their premises.

Tokio's principal parks are four, Asakusa, essentially a recreation place; Ueno, a more educational and serious gathering spot; Hibiya, a somewhat modern affair where athletic and various forms of right amusement may be enjoyed; Shiba, one of the rare beautiful spots and though not as extensive as the others is fascinating with its lovely shade trees, summer houses, resting places and various forms of landscape construction.

In this park too, is a temple with a wonderful history. The priests of the Jodo sect show Iveyasu much kindness and when he made Tokio, or Yedo, as he was then called, his headquarters he returned the favor of the priests with making them chaplains and enriching the temple at Shiba park with many gifts and privileges. There, too, rest the bodies of seven of the great Tokugawa Shoguns.

Right in the center of the park, at the foot of the steep wooded hills, stands the great temple of the Zoji with spacious grounds. The temple is dedicated to the worship of the great Buddha, the being of whom it is said for the benefit of mankind he laid aside his kingly state and did works of charity and penance refusing to rest until he had succeeded in the Marmola Method, tried overfat body easily and steadily. The Marmola Method, tried by thousands, is an exact dose of the famous Marmola Prescription, and are less they will be more and more in evidence in the reconstruction of the cities and the wonderful time architecture so fascinating to the visitor will be seen as because effective and content.

## SPECULATORS WORK UNSETTLES MARKET

**FINANCIAL.**  
Total stock sales 602,000 shares.  
Twenty industrials averaged 88.03; net gain .19.  
High 1923 105.38; low 86.92.  
Twenty railroads averaged 81.56; net gain .53.  
High 1923 90.51; low 79.53.  
Total bond sales (par value) \$11,322,000.

**NEW YORK, Oct. 1.**—Erratic price fluctuations took place in today's stock market in reflection of the struggle for control between opposing speculative forces. Leading industrial issues showed little change on the day, but several of the rails showed moderate gains on buying predicted on the excellent August earnings statements.

Speculators for the decline made repeated assaults on individual issues in an effort to unsettle the general list. They succeeded in forcing more than a dozen stocks to new low levels for the year but met stubborn resistance in other quarters which induced considerable short covering.

Among the stocks which established new lows for the year were Studebaker at 93, Kelly Springfield at 23, Chandler Motor at 45, Hupp Motors at 16, Buick at 12, and Superior at 12, and Republic Steel preferred at 84.

Studebaker rallied to 94, off 13 on the day, but most of the others closed around their low levels. Week end reports of political disturbance in Germany and Premier Poincare's speech setting forth that France was disposed to wait until Germany had transmitted her decision to abandon passive resistance in the Ruhr from words to deeds, had a depressive influence on the foreign exchanges.

There were several spots in the rail group, gains of 1 to nearly 2 points being registered by several. One of the most interesting of the recent railroad earnings statements was that of Detroit, Toledo—Ironton, known as the "Ford Road" which showed net operating income in August of \$325,000.

Heavy selling of United States government issues featured the irregular and relatively dull bond dealings. Bond traders attributed some of the selling to banks and expressed the theory that it was influenced by news reports that the next congress would enact a soldier's bonus bill. The tax exempt 3's registered a new low for the year.

## WOMEN OF MIDDLE AGE

Relieved of Nervousness and Other Distressing Ailments by Lydia E. Pinkham's Vegetable Compound

Brooklyn, N. Y. — "I first took Lydia E. Pinkham's Vegetable Compound four years ago, and am taking it now for the Change of Life and other troubles and I receive great benefit from it. I am willing to let you use my letter as a testimonial because it is the truth. I found your booklet in my letter box and read it carefully, and that is how I came to take the Vegetable Compound myself. It has given me quiet nerves so that I sleep all night, and a better appetite. I have recommended it already to all my friends and relatives." — Mrs. ENGLEMAN, 2032 Palmetto St., Ridgewood, Brooklyn, N. Y.

For the woman suffering from nervous troubles causing sleeplessness, headache, hysteria, "the blues," Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine. For the woman of middle age who is passing through the trials of that period, it can be depended upon to relieve the troubles common at that time. You should give it a fair trial now.

## WATCH DEBUT OF ILLINOIS BACK

Urbana, Ill., Sept. 29.—Harold Grange, Illinois' new speedy half-back, will make his debut against Nebraska on Illinois field next Saturday. The Illini will watch his performance eagerly. For Grange is touted as the fastest back who has appeared on the state field since the famous days of Pogue and Clark.

Grange, a sophomore from Wheaton, Ill., was captain of Burt Ingwersen's freshman varsity eleven last year and he was wont to spring thru the varsity, nip forward passes and otherwise show all the earmarks of an exceptional ground gainer.

Coach Zuppke has assigned him to the left halfback post for his first game. It will be a severe test for the youngster for Nebraska is experienced and the fame of the Orange and Blue sophomore has traveled to Lincoln.

Since Grange is also a fair punter, he may do some of the kicking. All in all he is a triple threat artist of the first rank.

The complexion of the back field for the bout with the Cornhuskers is practically settled. Harry Hall will be the first quarterback. Britton the fullback unless "Zup" thinks he should be rested, and McIlwain right half.

Many out of town sport lovers are coming for the Nebraska battle. Nebraska will bring a small but loyal band of rooters.

Walter Long was a Monday business visitor from Litchberry. Mr. and Mrs. Fred Mittendorf were among the callers in the business district yesterday.

In a year you will scarcely know he is the same boy, they grow up that fast. But photographs of children never grow up.

## ZUPPKE TAKES TIP FROM RECENT GAME

URBANA, Ill., Oct. 1.—With lessons garnered from the 'varsity-freshman game Saturday and the report from Burt Ingwersen, assistant coach that Illinois has a tough opponent in Nebraska this week-end in mind, Coach Bob Zuppke today started his Illini eleven in a week of heavy scrimmage.

Ingwersen who scouted the Nebraska 'varsity-freshman tilt spent the afternoon drilling his youngsters on Huskers' plays to be sent against the 'varsity line later in the week. The 'varsity regulars spent the day in defensive drill especially against forward pass attacks launched by the scrubs.

## CULLY MAKING GOOD RECORD AT FLORA

N. E. Prince, a merchant of Flora was a visitor in the city on Monday and while here told about the success of Byron O. Cully, better known locally as "Bo" who is serving as athletic director in the Flora schools.

Last Saturday the Flora team won their first game played this season by a score of 47 to 0. This is the second year of "Bo's" services with the school and in that time the Flora team has never been scored against. The team won the championship of Southern Illinois in 1922, and indications are very strong that they will repeat this year as they have a well balanced team and Coach Cully has the faculty of getting the players to give their very best efforts in the game.

## WILL HOLD POULTRY SHOW IN DECEMBER

December 18 to 23 set as dates for annual exhibition under auspices of local body—Silver cups to be given.

Dates for the annual show of the Morgan County Poultry Association were set last evening at a meeting of the directors held at the home of J. C. Weber, 329 West Court street. The show will be held December 18 to 23, inclusive. It will be a silver cup comparison show. It is planned to give away about twenty-five silver cups to the winners.

The place for holding the show has not yet been selected. It is thought that the Auto Inn will probably be the place chosen, if it can be secured. The association is in excellent condition and plans are under way for a show that will command the attention of poultry fanciers within a wide radius.

## MISS COLETTA BROWN MARRIES CHICAGO MAN

Well Known Young Woman Becomes Bride of Danny Deever in Chicago.

The local friends of Miss Coletta Brown will be interested in knowing of her recent marriage to Danny Deever of Chicago. The ceremony was performed at the First Episcopal church in Chicago and was witnessed by only a limited number of relatives of the young people.

The bride is a daughter of Mr. and Mrs. Charles Brown of Prentice and a grand-daughter of Samuel Farmer of this city. She has made her home with her grandfather in this city for past several years and attended the local high school. She has many friends here and in her home community, all of whom unite in extending best wishes to the young couple.

## PITCHER IN CHARGE

CHICAGO. (By NEA Service).—Most big league twirlers are poor batsmen. But this does not hold good for pitcher Thurston of the Chicago White Sox.

He's such a dangerous man at the bat that the White Sox are seriously thinking of converting him into an outfielder or trying him out at first base.

Manager Kid Gleason of the Chicago White Sox considers Thurston one of the best relief pitchers in the big show. Had he a better fast ball he would be a regular starter for the White Sox. He has a most deceptive fadeaway, a good curve and a fine change of pace, but his fast ball lacks a bit of the old "zip".

Thurston is a good hitter and good hitters are scarce. The White Sox lack a punch, and it wouldn't be at all surprising if the team tried to use Thurston at some position where it could take advantage of his hitting.

## TRYING OUT HORSES FOR PAPHYRUS CONTEST

NEW YORK, Oct. 1.—Negotiations are underway for a race next Saturday between Zev and My Own to determine which shall represent America in the forthcoming international contest with Papyrus, English derby winner. It was reliably reported today. If arranged, the race it was said will be run at Aqueduct track where the proposed distance of one mile and a furlong can be negotiated with only one turn.

## THE FIRST MOTION PICTURE SHOW

The first motion picture show of the season of the local high school will be held this evening at 7:30 o'clock tonight. The title of the picture is "Midnight Bell," featuring Charles Ray.

The money derived from these weekly shows at the high school is used to advance the cause of visual education for the students. Already the schools has purchased two motion picture machines costing \$250 each. They are used alternately during the exhibition, thus eliminating waits between reels.

Last year the school purchased \$100 worth of slides for use in the botany, zoology and physics classes of the school. It is expected to purchase additional slides this year, as a large number is still needed for effective work. The school owns a projector for throwing these pictures on the screen.

Much of the money obtained from shows last year was used to pay the freight on free industrial and scientific films, which were used in the various industrial and science classes of the high school. Many of these films were obtained from the General Electric Co. free of charge, except for the freight. These pictures proved helpful to the students in showing industrial processes, the operations of complicated machinery, the manufacture of certain articles, etc. It is felt by school authorities everywhere that visual education is the coming method in the future schools, and it is being put to more varied and more numerous uses each year.

## WHITE HALL H. S. SWAMPS BEARDSTOWN

White Hall, Sept. 30.—White Hall high school gridsters got away to a flying start on their 1933 season Saturday, they having walloped the Beardstown H. S. team 58 to 0, at Griswold Park.

The locals scored in the first minute of play when a blocked punt was turned into a touchdown. Bradshaw, the only freshman on the team blocked the ball and Captain England grabbed it while in the air, and went over the goal line. Another touchdown was added before the close of the first quarter. Two touchdowns were scored in the third period and three in the final period.

The White Hall team showed great ability at the passing game which no doubt will rank this team among the big winners this year.

England at left end and Knight at right end are a speedy pair after the passes and they have succeeded in pulling down quite a number of them Saturday.

Beardstown presented a much heavier team than the locals but were clearly outclassed.

The Griggsville high school team will tackle Coach Wells' warriors in the second game of the season here Saturday.

## CARPENTIER WHIPS BRITISH CHAMPION

Twenty Round Scheduled Go Luster Barely Twenty Seconds—English Champ Beckett Never Gets Going

LONDON, Oct. 1. (By the A. P.)—It took Georges Carpentier, the French fighter, just about 20 seconds tonight to put the quietus on the championship aspirations of Joe Beckett, who holds the heavyweight title in Great Britain. Carpentier used both fists and rights in a brief series of exchanges and Beckett remained on the floor for the final count.

The two men received a great ovation when they entered the ring for their 20 round bout and for a fleeting moment Beckett was wreathed in smiles. His supporters, however, could hardly have witnessed a speedier or greater disappointment than awaited them. Beckett led with a light left to his opponent's jaw, but there was no power in the blow and Carpentier shot over a left followed by a right to Beckett's jaw with terrible force, and Beckett went down for a count of five.

The Englishman got to his feet rather groggy, and the Frenchman dashed in and with his right and left beat Beckett down again near the ropes falling on top of him. On rising, Carpentier stood back. Beckett gripped the bottom rope in an effort to pull himself to his feet but he was badly spent that apparently he had lost all sense of what was going on and before the count had been completed his seconds threw in the towel and thus ended one of the quickest and most sensational of heavyweight contests.

After the fight Carpentier said it was all over so quickly that there was nothing to talk about. Asked about his future plans, he replied: "I am off to America next month and if I beat Tom Gibson, I expect to meet Dempsey again. I hope so indeed."

## U. OF C. PREPARING FOR COLORADO AGGIES

CHICAGO, Oct. 1.—Coach A. A. Stagg, put his entire football squad at the University of Chicago thru a hard drill today in preparation for Saturday's game with the hard fighting eleven from the Colorado Agricultural college.

The Jimmies especially were worked hard as they proved the weakest part of the team in last Saturday's victory over the Michigan Aggies.

## FAILS TO HIT IN TEN GAMES

CHICAGO. (By NEA Service).—While Ray Schalk, star catcher of the Chicago White Sox, is far from a hard hitter, he has always been rated a dangerous man at the bat in a pinch. Recently Schalk was the victim of the worst batting slump that he has ever experienced in his major league career.

For 10 games, from Aug. 20 to Sept. 1, Schalk went hitless. During that period he himself admits that he didn't hit a single ball hard. Every effort at the bat resulted in a lazy fly or a weak grounder to the infield.

When Schalk finally did break loose he collected three hits in a game against Cleveland, which was stopped in seven innings because of rain.
